TRICK BOXING

Conniving Buck spots money in immigrant Danny and pushes him into the boxing ring as Dancing Danny David, but Bella, a dancer, has other plans. I have been chatting up this show to everyone since I saw it. Best all-rounder in the Fringe and my favourite so far. Brian Sostek flashes between characters, physically changing his entire shape to become (and I don't exaggerate) unrecognisable as a chimpanzee of a Mafioso, Tommy Aorta. Megan McClellan is—I use the word charming too often, here I use it properly for the first time—charming and glamorous. Fred and Ginger meet Spike Jonze and his City Slickers. Clear, brilliant storytelling... a perfect show. I'm exhausted from hyperbolising. [AH]
